THAT'S GREAT! YOU'VE RECOVERED FROM YOUR ILLNESS!
UMM!
SAATI, YOU'RE SO LUCKY!
NOT LIKE HUMANS, WHO GET SICK SO EASILY.
BUT, PROGRAMS CAN GET SICK, TOO!
YOU MEAN "BUGS"? BUT I SHOULD HAVE ELIMINATED YOURS.
ASIDE FROM GETTING RID OF THE BUG, I WAS HOPING YOU COULD TEACH ME A LITTLE BIT ABOUT
ALL THAT I'VE TAUGHT YOU IS MORE THAN ENOUGH!
WHEN I HAVE BEEN ASKED

AH?

OH, NO! I'VE GOT THE WRONG TEXTBOOK!
WAIT, WAIT A SECOND! KOUBE!
I'M SAVED!

I KEEP FEELING SOMETHING'S WEIRD TODAY

ARE YOU IN PAIN?

...SO SORRY, BECAUSE OF ME, YOU HAVE TO LEAVE HOME EARLY...
YOU MUST STAY HERE AND REST, AND NOT RUN AROUND, UNDERSTAND?
OKAY...
WHAT ARE YOU SAYING?
I'M CAUSING YOU TROUBLES AGAIN.
ガシャ
ガシメ
NO...SHE IS A COMPUTER PROGRAM, SHE SHOULDN'T HAVE GOTTEN SICK!
BUT, WHAT KIND OF ILLNESS DOES SHE ACTUALLY HAVE...
DARN! WHAT SHOULD I DO...?
FIRST, I HAVE TO BUY SOME MEDICINE TO RELIEVE THE PAIN
AH
BUT PROGRAMS CAN GET SICK, TOO!

THAT'S RIGHT! COMPUTERS CAN GET INFECTED WITH FLU, TOO!
IT'S JUST AS I THOUGHT, SAATI'S PROGRAM SIZE HAS INCREASED A LITTLE...
BUT I CLEARLY WROTE A LOT OF THINGS INTO IT...
カチャ カチャ
THAT'S WHY SAATI IS IN THIS CONDITION
SOMETHING STRANGE MUST BE MESSING AROUND...
THE ONLY POSSIBILITY IS A COMPUTER VIRUS!

JUST LIKE A CONTAGIOUS VIRUS INFECTING HUMANS, COMPUTER VIRUS CAN BE CONTAGIOUS, TOO. ONCE IT IS EXECUTED INSIDE THE COMPUTER, IT WILL ENTER INTO THE MEMORY, THEN, STEP BY STEP, SPREAD ITSELF TO OTHERS.

IS A TYPE OF PROGRAM THAT CAN SNEAK INSIDE THE COMPUTER, AND DESTROY DATA INSIDE THE HARD DRIVE.

COMPUTER VIRUS

I'VE NEVER SEEN THIS TYPE OF VIRUS BEFORE! HOW WAS IT CONTRACTED?!

THERE IT IS ...IT HAS ALMOST MOVED ONTO ALL OF THE MAIN PROGRAMS.

COMMAND.
AUTOEXEC..BA
CONFIG..SYS
DOS
TOOLS
VZ

COMPUTER VIRUS RUNS RAMPANT ONCE AGAIN! N COMPANY'S SYSTEM IS COMPLETELY DESTROYED!

THE VICTIMS CAN RANGE FROM A SINGLE INDIVIDUAL TO A WHOLE GIANT CORPORATION

COMPUTER VIRUS IS USUALLY A PRANK BY A GROUP OF PEOPLE WITH NOTHING BETTER TO DO.

FROM MAIN FRAME TO TERMINAL, IT CAN'T BE AVERTED! EVEN DATA STORAGE CAN'T ESCAPE!

THIS IS ALL MY FAULT!

YESTERDAY SHE SAID THAT SHE WANTED TO GET SOME INFO FROM THE MEDICAL DATABANK...

TRUTHFULLY YOU...

I DON'T KNOW HOW TO SAY THIS..

HITOSHI ..

SAATI, THAT..

ARE INFECTED WITH A COMPUTER VIRUS...
HAS IT MOVED ONTO THE MAIN PART OF THE PROGRAM?
AH. MMM.
SAATI, BE STRONG...
SO THAT'S IT. COUGH
THE STRUCTURE OF A COMPUTER VIRUS IS VERY SIMPLE, I'LL BREAK IT DOWN SOON, THEN I'LL ELIMINATE IT!
PLEASE WAIT A BIT LONGER...
GOOD..
SORRY TO TROUBLE YOU... HITOSHI...

IF...SHE DIES BECAUSE OF THIS, I...I...
WHAT...WHAT TO DO NOW?! SAATI LOOKS TO BE IN GREAT PAIN.
PULL YOURSELF TOGETHER! KOUBE HITOSHI!
IDIOT! IDIOT! WHAT WAS I THINKING?!
FIRST, I HAVE TO DECODE THE VIRUS PROGRAM.
CALM DOWN A BIT... CALM DOWN A BIT... KOBE HITOSHI...
THIS TYPE IS A COMPLETE INFECTION, THERE'S NO WAY TO ELIMINATE THE VIRUS!
OH, YEAH...ONCE THE DECODING PROGRAM IS EXECUTED, IT WILL BE INFECTED BY THE VIRUS, TOO...
EXECUTE DECODING PROGRAM!
WHAT?
ERROR
BEEP

HOW SHOULD I DO THIS NOW...
THERE'S NO WAY TO DISINFECT FROM THE INSIDE...
カチャ
カチッ
THAT'S RIGHT! I CAN USE A MINI HANDHELD COMPUTER, AND GET IN THROUGH AN OUTSIDE CONNECTION.
BEEP
CAN THE MINI-COMPUTER BE EFFECTIVE?
BUT, I CAN'T EVEN USE THE MAIN COMPUTER...
I HAVE TO FIND AN ANTI-VIRUS PROGRAM SOON, AND ELIMINATE YOU...
FRIGGING VIRUS, MAKING SAATI SUFFER.
カチカチ
HITOSHI ...
HITO..

BASTARD!
THIS IS HARD..
DAMN!
BEEP
SAATI
SAATI STILL CONTINUES TO GIVE ME ENCOURAGEMENT
EVEN THOUGH I'M NOT GOOD AT ANY-THING...
EVER SINCE YOU'VE APPEARED I'VE BEEN LIVING A HAPPY LIFE EVERY-DAY!
BECOME YOUR FRIEND
A DATE
YOU MUST WAIT FOR ME! SAATI!
THIS TIME, IT'S MY TURN TO HELP HER!

OKAY
AH ..
TAKE THIS AND READ IT QUICKLY !
IT'S DONE! SAATI! THIS IS THE ANTI-VIRUS PROGRAM!
SCAN AND READ
OPEN FILE
I'VE RECOV-ERED COM-PLETELY !
THANK YOU! HITOSHI !
HOW DO YOU FEEL ?
HOW IS IT, SAATI?

IT LOOKS LIKE ALL THE PROGRAMS HAVE RETURNED TO THEIR ORIGINAL FORM, THERE SHOULDN'T BE ANY PROBLEM!
HMM ..
HAHA ... DON'T FORCE YOURSELF!
YOU'VE WORKED HARD! I WILL PREPARE DINNER NOW!
REALLY? ! THAT'S GREAT!
AH! I FEEL VERY GOOD. AND THE SINKING FEELING IN MY CHEST IS GONE!
SFX* SOUND OF STOMACH RUMBLING
IT'S SOLVED FINALLY...
PHEW ..
BEEP
WHAT'S HAPPENING? SAAT!?
WHAT ?
!?
SFX* CRASH

SAATI!
SA..
!!
BEEP!
BEEP!
HUH?
My name is Peter 4
Hello.
HEHE

that means you have 44 minutas ta think
44 minutas from now, all tha data in this camputar will be arasad
DIDN'T I ELIMINATE THE VIRUS ALREADY ?
outstanding camputar gaak, this is my final warning ta you.
in 44 minutas all tha data in this camputar will be arasad
THE ONE I ELIMINATED WAS A FAKE VIRUS.
COULD IT BE?
I rapaat all tha data in this camputar
AND THE REAL VIRUS, BECAUSE OF THAT,
NAS BEEN ACTIVATED BY ME!

SAATI WAS INFECTED WITH A COMPUTER VIRUS THROUGH THE COMPUTER NETWORK, AND WAS IN THE DANGEROUS SITUATION OF BEING INCAPACITATED.
AH ...
PROGRAM'S ENEMY... COMPUTER VIRUS...
IN REALITY, THE ONE THAT WAS ELIMINATED WAS A FAKE VIRUS. THE REAL AND HORRIBLE VIRUS HAS BEEN ACTIVATED AS A RESULT.
THIS IS WEIRD
SAATI!!
WAIT FOR ME! SAATI !!
THROUGH THE HARD WORK OF KOUBE HITOSHI, THE VIRUS WAS THOUGHT TO BE ELIMINATED...
In 64 minutes, will be erased ...
I repeat, all the data in this computer ...
